

**176 Exeter Road (Route 27)
Epping, New Hampshire**

Hi everyone! I hope you all have been staying healthy throughout the COVID-19 pandemic. After a long off-season we are finally getting the ball rolling again. Since next Saturday (June 20th) will be our opening day, I just wanted to give a few reminders preceding the first raceday, so there is minimal confusion.

ALL DRIVERS:

- All drivers will need to have a Star License on file before they will be allowed to race.
 - If the check goes to someone other than the driver (car owner), that person also needs to have a Star License on file.

*The Star License is in place of the Nascar License, and all the funds will be going into a point fund that will be distributed to the drivers at the end of the year, so this only benefits you!

- This should be obvious, but a registration form must also be on file before you are allowed to race.

350 SUPERS:

- 350 Supers you will need to fill out a motor registration: I will attach that form.
- 350 Super teams you also need to be teched before your first race, it doesn't take long to do and you can do this at the track when you arrive Saturday, June 20th.

MINOR RELEASE FORMS:

- If you plan on bringing a minor (anyone under 18) into the pits on race day, you MUST fill out a Minor Release Form, and must have one on file.
- If you filled out one last year, this is a new year and a NEW one must be on file with the track.
- The form must be completely filled out, there should be no blank lines.
- Parents CANNOT witness their own signature, you need a witness... This is a legal form.
- Please read form carefully before signing.

INFO: RACEDAY JUNE 20

- I am asking that you try your best to get paperwork that needs to be filled out (registration, star license, motor registration, minor release) before you arrive at the track. It will make everything a lot easier, faster, and organized for everyone.
- There will be staggered sign-in for each division, please stay in your truck until you pull up to the window to sign in, this is to help with social distancing. Also teams may only have a maximum of 10 people per crew.
- Each division will get ONE 10 lap practice, and the races will begin at 3:30, being non-stop.
-
- Below I have attached the link to all the people who have filed a license: if you are not on that list; fill out the form.

<https://docs.google.com/document/d/1keVmjlSxWWAG1PXhgHbEH25vRtJPOvVjz0eIQ-RR4/edit?usp=sharing>

- We will be practicing social distancing, and each team will be 6 ft apart from each other. We ask that you stay in groups of 8 > . Hand sanitizer will be all around the

facility, and masks are encouraged. Please respect each other's personal space, as we want everyone to stay safe while having a good time at the races.

I will be around to get paperwork from everyone, and if I am missing anything from you I will be sure to get you a form. I will attach all the forms that may be needed to this document, however if you need anything else please reach out to me. I look forward to seeing you all opening day. :)

Jaime Webber
