

# **2025 STAR RULES**

## **GROCERY GETTERS/BEER WAGONS**

*This class is for the pure enjoyment of getting on the track to have fun with minimal costs.*

### **EVERYTHING ABOUT THE VEHICLE MUST REMAIN STOCK EXCEPT FOR WHAT IS WRITTEN IN THE RULES:**

- Must be a 4 cylinder or V6 light SUV, station wagon or minivan
- 4 point cage with hoop behind drivers seat is required (drag cage minimum)
- Air bags must be removed
- Batteries must be hard mounted in stock location
- Fire extinguisher within drivers reach when strapped in is mandatory
- Windshield may remain stock or replaced with Lexan and must have 2 vertical supports. All other glass must be removed
- Cars interior should be gutted
- Factory drivers seat may remain; a racing seat is allowed
- Window net with a quick release is required
- Tires must have 400 treadwear all around
- Only camber allowed is 1 inch of camber on Right Front
- All components of engine must remain stock and no adjustments to the ECM will be allowed. Computers will be checked
- Must have a working transponder and receiver at all times while on the track
- All doors must be welded, chained or bolted shut
- Doors and roof should have a min 18" number that is readable
- NO ANTIFREEZE. Radiator may use water or water wetter as coolant only
- Rules can/may be altered at Tech discretion. Tech has final say

Questions and/or concerns can be directed to techman, Dave Cameron.
