2027 RESERVED PIT PARKING

For the 2027 season, teams will be able to once again reserve their parking spot. Make sure your spot is there when you arrive for a scheduled night of racing. Rentals for the 2027 season will be done on a first come first serve basis and by division. 350 Super, Late Models, Outlaws, Streeter, Slingshots, Crown Vics, Six Shooters and Pure Stocks. As with other years, pad rentals ***DO NOT*** include PASS/ACT events, Star Classic and other rental events operated by someone other than Star. Like this year we will try to move teams to accommodate everyone on special event dates but available spaces will also go in same order as listed above. Spaces are ***not transferrable, non refundable*** and are only rented ***to you for nights that your division*** is scheduled to race.

The rental fee for the 2027 season is $125.00 for cement and asphalt pads on the parking lot side of pits, $100 for asphalt pads on back side of pits and $150 for cement pads behind pit grandstands.
