We ask that as soon as possible after your feature event that you load up and exit pits so that we can begin clean-up and bring in the cars for Saturday's race events. Please assist us by using the trash barrels that are numerous throughout the pit area and by not throwing garbage on the ground. Thank you and we appreciate the co-operation and support.

Masks **MUST BE WORN** at all times when walking thru pit area or grandstands. When seated in grandstands or standing in walkways, along fences etc your mask **MUST BE WORN** when within six feet of someone you are not associated with.

With parking being at a premium we ask that you try to carpool with friends and others attending the Howler.

Cars **MUST** arrive ready to be inspected and to race. **NO** stripping of cars on speedway property.
